Unit 1 Sentence and clause control

句子与分句控制

Diagnose inherited control before adding Stage 10 complexity.

先理解意义，再比较形式，并在真实语境中作出准确选择。

Grammar idea 语法点	Meaning / rule 含义与规则	Example 例句
Finite verb 限定动词	A finite verb carries tense and can anchor a complete clause. 限定动词带有时态，能够构成完整分句的核心。	The evidence supports the main conclusion.
Non-finite verb 非限定动词	An infinitive or participle cannot normally form a complete clause by itself. 不定式或分词通常不能单独构成完整分句。	The team hopes to complete the survey today.
Clause boundary 分句边界	Join independent clauses with suitable punctuation and a connector, or separate them. 独立分句之间要用合适的标点和连接词连接，或分成两句。	The method was simple, but it produced reliable results.
Subject-verb agreement 主谓一致	The finite verb must agree with the grammatical subject, not the nearest noun. 限定动词要与语法主语一致，而不是与最近的名词一致。	The quality of the responses is encouraging.

Remember 记住

A finite verb carries tense and can anchor a complete clause.

限定动词带有时态，能够构成完整分句的核心。

Unit 4 Earlier-past viewpoint

更早过去的视角

Distinguish completed earlier events from duration/process before a later past point.

先理解意义，再比较形式，并在真实语境中作出准确选择。

Grammar idea 语法点	Meaning / rule 含义与规则	Example 例句
Past perfect simple 过去完成时	Use the past perfect simple for an event completed before a later past reference point. 过去完成时用于在另一个过去参照点之前已经完成的事件。	By noon, the technicians had repaired the fault.
Past perfect continuous 过去完成进行时	Use the past perfect continuous to emphasise duration or activity before a past point. 过去完成进行时强调某个过去时间点之前的持续时间或活动。	They had been working for hours before the system failed.
Narrative sequence 叙事顺序	Use the past simple for the main event line after earlier background has been established. 交代更早背景后，主要事件线通常用一般过去时。	After the team had checked the data, it published the report.
Time-clause economy 时间从句中的简洁表达	When before or after makes the order clear, the past simple may be sufficient in both clauses. 当 before 或 after 已清楚表示先后顺序时，两句都可用一般过去时。	After the bell rang, the students left the hall.

Remember 记住

Use the past perfect simple for an event completed before a later past reference point.

过去完成时用于在另一个过去参照点之前已经完成的事件。

Quick check 快速检查
